S. F. POSTS LOSES SUNDAY'S GAME

Interesting Game, With Considerable Slugging and Some Good Field Work—Burns' Colts Next.

NILES, Sept. 5.—A baseball team, styling themselves the San Francisco Posts, but wearing suits with all sorts of other names, came to town Sunday, and after nine innings of hard work returned to 'Frisco with the impression that the Niles aggregation could play some ball.

The pitcher for the 'Frisco team—young Rock—is only about 18 years of age, and while he gives promise of developing into a good pitcher, was an easy mark for the Niles sluggers.

Dolan, for Niles, pitched a good game—the visitors, however, landed on him for three two-baggers in the fourth inning and scored three runs. Dolan tightened up, however, after that and with the excellent team work by the rest of the nine held the visitors down to only two more runs. Dolan had pitched a pretty hard game only two days previous and his work Sunday was exceptionally good.

Calhoun, of Centerville, played with Niles and did his share, knocking a three-bagger, which should have been a homer, if a coach had been on third to send him to the plate.

O'Brien slammed out two two-baggers, and Dolan, who hit pretty regular, rapped out a two-bagger.

Roach, who got to first in the first inning on four balls, stole second, third and then stole home, to the great delight of the grand stand.

Sheehan, who played short, and Robinson livened up things a bit with a pretty double play. The game by innings was as follows:

First Inning

The Posts opened the game by sending Corrigan to bat first, who knocked one to Sheehan and lost out in the race to first. Scharbach got four bad ones and walked to first. Cohen flew out to Sheehan. Garcia slammed one in to left field and made first, Scharbach going to second. Barrett flew out to O'Brien.

Roach, with his quiet little smile, was first up for Niles and walked to first after getting four bad ones. and bunted, but it wo[illegible] work and he was out. O'Brien was out, Rock to Jacobson. Roach stole third while Gibson was getting a free pass to first. While Robinson, who was next up, was at bat Roach stole home. Robinson fanned. Score, Niles 1, Posts 0.

Second Inning

Jacobson missed three good ones. Reed made first on a safe hit. Irallary, swatted the ball for a long right field drive, and Reed, who had stolen second, crossed the plate. Rock went out, Totheroh to Robinson. Corrigan closed the half by going out, Dolan to Robinson.

Totheroh walked, Dolan bunted and was out, while Totheroh went to second, and then third on a wild pitch. Sheehan knocked a Texas leaguer and Totheroh scored, Sheehan going to second on the play. Calhoun was out, Scharbach to Jacobson. Roach out, Barret to Jacobson. Score, Niles 2, Post 1.

Third Inning

Scharback walked. Cohen rapped one to left and Scharback went to second. Garcia missed three, and Barrett sent a grounder to Sheehan, who steeped on second and sent hte ball to Robinson making a double play.

Fusco out, Cohen to Jacobson. O'Brien flew out to Chen, and Gibson struck out. Score, Niles 2, Posts 1.

Fourth Inning

Jacobson, the Posts' big first baseman opened the fourth with a two-bagger. Reed made a safe hit and Jacobson went to third. Irallary flew out to Roach, and Rock fanned. Corrigan slammed the ball way out in right for a two-bagger, and Jacobson and Reed came home. Scharbach hit the sphere for another two-bagger, scoring Corrigan and fears were entertained that it was all off with Niles. Cohen ended the anxiety, however, by knocking one to Calhoun.

Robinson knocked one fare out in center field, but Garcia was playing deep and managed to catch it. Totheroh made first with a hit to right. Dolan did the same thing and Rolly went to third, and Dolan to second on the play. Sheehan banged one to center, scoring Totheroh and Dolan, but was caught out at second. Calhoun beat the ball to first, but Roach went out, Cohen to Jacobson. Score, Niles 4, Posts 4.

Fifth Inning

While Garcia was at bat Gibson got a hard knock on the jaw but soon recovered and went on with the game. Garcia sent a short fly to O'Brien. Barrett missed three. Jacobson knocked a Texas leaguer. Reed hit a long one which Calhoun got.

Fusco walked. O'Brien batted the horsehide for a two-bagger, Fusco going to third. Gibson sent a hot one to right, bringing in Fusco and O'Brien. Robinson fanned. Totheroh was out, Cohen to Jacobson. Dolan went to the bat for a two-bagger scoring Gibson. Sheehan flew to Reed. Score, Niles 7, Posts 4.

Sixth Inning

Irallary fanned. Rock was hit by pitcher and went to first. Corrigan hit a liner to Sheehan, and Scharback struck out.

Calhoun knocked one that was good for three bases. Roach went to first on error by Cohen and Calhoun scored. Fusco was out, Irallary to Jacobson. O'Brien made his second two-bagger, scoring Roach, but O'Brien was out trying to make third. Gibson made first. Robinson was out, Cohen to Jacobson. Score, Niles 9, Posts 4.

Seventh Inning

Cohen failed to reach first. Garcia followed suit. Barrett walked. Jacobson made first, but was caught napping immediately after, retiring the side.

Metcalfe took Rock's place in the box, and Totheroh, to show his appreciation of the changed swated the ball to center and beat it to first. Dosacrificed. Sheehan did likewise, and Rolly by this time was on third. Calhoun made first on error by Jacobson and went to second, Totheroh coming home. Roach won first, scoring Rolly. Fusco, who had been bunting most all day, surprised the pitcher by knocking swift one to right bring in Calhoun and putting Roach on third. O'Brien fanned. Score, Niles 11, Posts 4.

Eighth Inning

Reed made first on error by O'Brien. Irallary rapped out a three-bagger, and Reed crossed the plate. Irallary tallied on wild throw by Gibson. Metcalf missed three. Corrigan made first, stole second but was caught off third while Scharback was being fanned out.

Gibson, Robinson and Totheroh all hit the ball but couldn't beat it to first. Score, Niles 11, Posts 6.

Ninth Inning

Cohen fanned, Garcia flew to Fusco, and Barrett to Rolly, ending the game. Score, Niles 11, Posts 6.

WIL MEET BURNS' COLTS SUNDAY AT SULLIVAN 'S PARK

NILES, Sept. 5.—The Nlies aggregation of ball players will meet Pete Burns' Colts of San Francisco.

It is alleged that this team are really fast, and know how to play the game. But while we all live in Niles, most of us came from Missouri—or at least some of our ancestors did—and they will have to show us.

ENTERTAINMENT FOR BENEFIT CATHOLIC CHURCH

IRVINGTON, Sept. 5.—Saturday, September 13, Maple Hall of this place will be the scene of one of those entertaining socials for which Father Scanlon is noted. It will consist of musical and literary program by excellent talent, and will be followed by a dance. Father Scanlan conducted a similar one at Niles some months ago, and everybody pronounced it one of the best they had ever attended. At Maple hall on the 13th, the participants of the program will be the Deitweller Bros, comedians of San Francisco; Miss Norton, Jim O'Donnell and Miss Keegan musicians of merit. The proceeds of the entertainment will be for the benefit of the Catholic church at Mission San Jose.

YOUNG MEN'S CLUB DANCE OCCURS THIS EVENING

NILES, Sept. 5.—This is the evening you have been waiting for. For this is the date on which occurs the dance given by the Young Men's Club of Niles. The floor managers will be Fred Church, James Roach and Al Gomes, and these names are assurance a-plenty that the evening will be an enjoyable one. San Francisco music will be in evidence, and combined with a good floor you are in for a good time.

N. S. G. W. EXCURSION ON ADMISSION DAY

Special Train Leaves Centerville at 8:00 a. m. and Niies at 8:15 Tuesday and Leave Oakland at 11:30 in Evening.

NILES, Sept. 5.—The members of Niles Parlor, No. 150, N.S.G.W., and Laura Loma Parlor, N.D.G.W., will go to Oakland Tuesday morning to take part in the Admission Day parade.

The Native Sons will take with them a float reproducing the old Msssion San Jose, which was built through courtesy of Mr. Anderson, under the direction of the Essanay architect and scene painter, Messrs. Griffin and West.

The float has been constructed so as to give the same view on either side, with a background of the Mission hills.

This picture will undoubtedly be one of the leading features of the parade, on account of its historical character as well as the artistic effect, which reflects much credit to the gentlemen who built it.

The members of Laura Loma parlor will follow the Native Sons in a handsomely decorated auto truck.

OAKLAND, Sept. 5.—Everything is in readiness for the big Admission Day celebration from September 6 to 9 and the festival promises to be one of the greatest ever held in the state. The streets are being beautifully decorated with the colors, bear flags, hugs posters and designs outlined in electric lights and the lighting effect will be the most brilliant ever seen in Calif[illegible]

Tu[illegible] Tuesday afternoon, Septemb[illegible] be participated by [illegible] lor in the state. Among the features of the four days will be grand night illuminations and concerts Saturday night and Sunday, Monday and Tuesday afternoons and eveings by the Oaklad Park Band, under the direction of Paul Steindorff, in Lakeside Park.

All the Native Sons bands will play during the four days in competitive drill concerts for $400 in prizes. Monday afternoon at Lakeside park, more than 2,000 school children will present a pageant of the history of California. A feature at the park Tuesday afternoon will be the competition drill between Castro parlor miltary company A and Piedmont parlor, N. D. G. W., for a valuable trophy.

Another feature will be the participation in the parade of the baby parlor, Bay Side No. 204, N. D .G. W., in infants' attire and carrying nursing bottles and rattles.

WASHINGTON TOWNSHIP WILL BE REPRESENTED

NILES, Sept. 5.—Niles Parlor, N. S. G. W., and Laura Loma Parlor, N. D. G. W., will participate in the parade at Oakland on September 9, leaving here a[illegible] 8:15 a.m. Round trip 90 cents,

CENTERVILLE, Sept. 5.—The Native S[illegible]s parlor of this place are [illegible] for the Admission Day pa[illegible] rade at Oakland. They will turn out about 40 or 45 strong, and will be a historical representation of the days of Washington, and of the present day. The old colonial fife and drum corps, with ancient instruments will lead the parlor, an old continental flag will be protected by colonial soldier and muskets, and the main body will represent the present day dressed in white shirts and pants black belt, and straw hats.

The special train will start from Centerville at 8 o'clock. Tickets $1.00 for round trip.

ALVARADO, Sept. 5.—Wisteria parlor, Native Sons of this place, will take part in the parade at Oakland next Tuesday, representing the milling interests of this place. There will be a large number in attendance, and the industries of the town will be well represented.

ALL READY FOR STATE EXHIBITION

As the time is growing short for the opening of the sixtieth annual State Fair on Saturday, September 13, the fair grounds at Sacramento are the scene of busy preparations. The exhibitors are getting their extensive displays arranged and the amusement features are being rehearsed for one of the most spectacular programs of free amusements that has ever been seen at any State Fair. Finishing touches are being put on the harness horses, so that they may be ready for the work when the $35,000 speed program opens with the commencement of the fair.

The latest feature engaged for the State Fair is a celebrated outlaw broncho, called End Changer, owned by William S. Tevis, Jr., of Bakersfield. This horse has a faculty of sliding out of his saddle if he fails to dislodge a rider after bucking vigorously. He has never been ridden despite the fact that some of the best broncho busters in the country have attempted to subdue him. Prizes will be offered to the broncho buster who can conquer this brute.

The State Board of Control has forbidden the fair directors to issue the usual free passes this year, except those to newspapers and exhibitors.

NILES WOMAN'S CLUB WILL HOLD ANNUAL MEETING

NIES, Sept. 5.—The Niles Woman's Club will hold its annual meeting Thursday, September 11, at Albrae Farm, home of Mrs. Harry Cushing. It will be an all-day meeting, with basket luncheon at 12:30. Members are entitled to invite guests by paying 25 cents for the privilege. The exercises for the day will be appropriate for Admission Day. All members are requested to be present and to bring their own plate, cup, knife, fork and spoon.

COUNTY FAIR TO BE BEST OF ALL

Alameda County Fair Association Promises Best Local Fair Ever Held in the State.

Important changes are announced in the plans of the Alameda County Fair Association for their annual district fair, which will be held this year at Pleasanton from September 24th to the 28th inclusive, and work began this week upon the alterations and improvements that will be made necessary by these changes. An entire rearrangement has been made of the exhibit space so as to give room for new features, and make the show more interesting and instructive. The experiences of last year have been of great value to the managers of the institution, which has now become one of the recognized events of the bay district, and they now feel confident that they will be able to promise the best local fair that will be given in California.

Coming, almost at the close of the State Fair at Sacramento, as this does, the pick of the features and entries of that event has been secured for the Pleasanton show. No attempt will be made to transport the Sacramento show in a body, but the cream of the big show will be taken directly to Pleasanton for exhibit. For this reason the Alameda County Fair will open on Wednesday, September 24th, in order to give just enough time to transport the chosen features from Sacramento and set them up in Pleasanton.

The fair management has given an entire pavilion to the women, and they will have full- charge of the exhibit, which will be artistic as well as industrial.

The entire lower floor of the main pavilion will be given over to agricultural products. The upper floor of the main building will contain an educational exhibit. The feature of this exhibit will be daily demonstrations in domestic science and manual training.

The poultry feature will be retained but will be located in an annex.

ODD FELLOWS ENTERTAIN GRAND OFFICER OF STATE

Niles lodge, No. 382, I. O. O. F. entertained Grand Master Geo. M. Salvage, of Los Angeles at the regular meetingfi last Wednesday night. An instructing and entertaing evening was passed by the members present. This is the first grand officer visiting Niles lodge since the days of G. M. Johnson.

The members of the local lodge would have had a more fitting reception for their grand master, but on account of some delay or the mail, they were not apprised of the visitation until just previous to his appearance.

Dr. McKown is in Oakland, having his hand treated for blood poisoning, which he contracted in handling a bad case. He is expected home early next week.

MRS. CLARA O. BAILEY PASSES GREAT DIVIDE

NILES, Sept. 5.—Mrs. Clara O. Bailey, a beloved resident of this vicinity for many years, passed away last Sunday.

Mrs. Bailey was a native of New Hampshire and had passed 73 years and 21 days on this terrestial sphere. She had lived in Niles for eighteen years and won the love and respect of all who knew her.

She leaves a devoted husband,, one son and one daughter to mourn her demise. The remains were taken to Sacramento last Tuesday.

The condolences of the community are with the sorrowing husband and children in their hour of trial.

A strange coincidence was the fact that Mr. Bailey's sister, Mrs. Eli Dennison of Oakland, died on the day that Mrs. Bailey was buried.

MISS MARY J. LUTZ WED S HARRY HIGBIE BROOKS

IRVINGTON, Sept. 5.—Miss Mary J. Lutz, daughter of Dr. and Mrs. C. A. Lutz of this place, was married to Mr. Harry Higbie Brooks last Tuesday, September 2. at Berkeley, Rev. Frank Ford officiating.

The bride was a well-known and [illegible] violinist of great talent. Mr. Brooks is also a musician of high ability, being considered the coming solo cornetist of the musical world.

The happy couple left Thursday for Chicago where they will make a short stay, after which they will go to Green Lake, Mich., to visit Mr. Brooks' relatives. They will then join the Chicago Ladies' Orchestra, of which Mr. Brooks is leader, and Mrs. Brooks is a member.

The community extends to the young couple hearty congratulations and heart-felt wishes for their future happiness and prosperity.

Dr. C. A. Lutz returned today from Berkeley, where he attended the wedding of his daughter, Miss Mary J. Lutz.

WANT ASSOCIATED C. OF C. TO JOIN TOURIST ASSOCIATION

ALVARADO, Sept. 5.—Frederick Whitton, president of the Tourist Association of San Francisco Bay and River Counties, was present at the meeting of the Associated Chambers of Commerce of Washington Township Wednesday evening and invited the body to join the associatin, declaring it would prove of great benefit to the township. The purpose of the association is to thorough acquaint tourists with the beauties and advantages of the bay section and to induce them to settle here. Mr. Whitton was much impressed with the scenery and roads of this section and advised the continuance of the good roads movement. He thinks that within two years there will be a tremendous influx of people to this state, many of whom will settle here, and of course, the best localities will get the greatest number.

DEATH OF ANTONE E. PEREIRA

ALVARADO, Sept. 5.—Antone E. Pereira, one of the highly esteemed pioneer residents of Hayward, and father of Mrs. J. G. Rose of this place, passed away Wednesday night at his late residence on the Mt. Eden road, where he resided for fully fifty years.

Deceased was a native of the Azores and aged 78 years. Besides his devoted wife, two daughters and five sons are left to mourn his loss, viz.: Mrs. A. E. Oliver, Hayward; Mrs. J. G. Rose, Alvarado; George, Tony, Frank, Joseph and Manuel Pereira, all of Hayward.

WANT ROAD IMPROVED

ALVARADO, Sept. 5.—The Associated Chambers of Commerce met at this place last Wednesday evening, every section of the Hownship being represented except Niles.

The committee on good roads was instructd to inform Supervisor Murphy that it was the desire of the property owners between Centerville and Alvarado to have the road between those two place improved by replacing the old worn-out bridges with concrete culverts.

The meeting also passed a resolution requesting the cutting down of the grade between Mission San Jose and Warm Springs.

ESSANAY PEOPLE GO TO BEACH

Put Up Splendid Exhibition for the Entertainment of the Visitors. Local and Personal Notes

NILES, Sept. 5.—Last Saturday evening Mr. Anderson took most of the Essanay company to Princeton-by-the-Sea, to fill out a program for the entertainment of about four thousand letter carriers who are holding their national convention in San Francisco and went down to the beach Suday for an outing.

While enroute the members of the company were invited to attend a ball in San Francisco Saturday evening by the Moving Picture League, and a number accepted.

At the beach Sunday the Essanay cowboys and other members pulled off a stage coach hold up, to the great delight of the spectators.

Bill Cato gave a splendid performance, doing the Hippodrome and Russian drag singly, and afterwards he and Mrs. Bill Cato executed both of these together, very much to the delight of Uncle Sam's employes.

The cowgirls' race was won by Mrs. Cato, with Mrs. Hazel Padgett second.

Jack Woods covered himself with glory by winning the stake race.

Chas. LaDue excited no little applause by his wonderful performance with the rope.

Woods, Padgett LaDue and Cato gave a fine exhibition of trick roping with horses.

The riding contingent of the Essanay company were objects of great interest to the eastern delegates. They were surrounded by a gaping, wondering crowd of people all the time, and had to answer many questions—some rational and some—well not so rational. One young man from Michigan surrounded by quite a throng of visitors, asked Miss Selbie and Miss Clayton how they lived out at Niles. Did they live in tents? Did they carry their revolvers all the time? After he had gone through quite a long list of questions, Miss Selbie solemnly informed him that they lived in a nice little cottage, well and comfortably furnished. The house had four rooms and a bath with electric lights and hot and cold running [illegible] And the [illegible] took it all ver[illegible]ly and—nicely.

Col. Pat Rooney hypnotized quite a large crowd of the letter carriers with one of his eloquent speeches. We have been requested to publish it, but space forbids.

Slim Padgett had an unfortunate mishap while he and Chas. LaDue were giving the Hippodrome and Russian drag. Slim in some way lost his balance and fell, breaking a bone in his fot. He is about on crutches now, however, and hopes to recover soon.

LOCAL HAPPENINGS

Work has begun on four new cottages for the company on Second street and they will be rushed through to completion at an early date.

Lloyd Ingraham was waylaid by a reporter to question him about his trip to San Francisco, but he was in too big a hurry to satisfy the demands of the newspaper man.

Harry Todd, who directs some of the Wild West shows, went to Oakland Monday to witness the fight.

M. A. Breslau, who has been away for some time, is again with the company.

Jack Elam went to San Francisco Wednesday night.

Miss Rector of the scenario department now has an assistant—E. W. Hellwig.

Mr. and Mrs. Cato visited Mrs. Cato's mother, Mrs. Ada Perkes, in San Francisco last Monday.

Mr. Potel Has Strange Experience.

One days last week Mr. Potel went through a strange experience. It happened this way: He was taking part in a new moving picture and during the interpretation of the play he had to take a bath. He hesitated some, but by dint of pursuasion he finally plucked up courage and went through the ordeal. After it was over he felt so much better he declares he will take a bath quite often now—at least once a month.

Miss Peggy Blevins of the Essanay was called to Los Angeles yesterday on account of the serious illness of her mother. It is hoped that the call will be only temporarily, as Miss Blevins is one ofthe shining lights of the company and,. having many warm friends hereabouts, the wish is unanimous that the serious aspect of the case will terminate with the recovery of her mother.

Making Records Fast

A short time ago Mr. Anderson and his company produced a thousand feet of a new story entitled, "Broncho Billy Reforms," and the next morning, when it was thrown on the screen it was pronounced one of the best the company had produced.

And last week he did another record-breaking stunt. He wrote a comedy and a drama, and the next day he took part in the drama and at the same time directed the comedy on the same stage.

L. Maxwell the barber in the Hotel Wesley building has sold the business to H. Held, who will attend to the wants of the patrons of the place in a professional manner.

FOREST FIRES THIS SEASON IN CALIFORNIA

The forest fire record for the present calendar year on the National Forests of California, shows a remarkably small acreage burned over and very few fires compared to former years. Up to Aug. 16 there have been 609 fires on the nineteen National Forests of the state, 88 per cent of which were extinguished before they had burned over ten acres each. The average acreage per fire to date is 31; the total acreage burned over is 18,929; and total damage $2,619.42.

This remarkable decrease in disastrous forest fires in California is due to the highly developed system of fire prevention maintained by the United States Forest Service which covers approximately 28,000,000 acres of forest and brush area of California. The system comprises about 850 men in the field during the dry season; 90 lookout stations manned and equipped with fire detecting and locating devices; over 3,000 miles of government-owned telephone lines and connec-

lines; patrol[illegible] tools and supply caches; motorcycle and railroad speeders; and mounts for upwards of 750 men. It provides for the organization in advance of the fire season of all available volunteer help—some 10,000 men— for their speedy equipment and transportation to fire lines, and for immediate payment for services rendered It is highly organized, and under strong centralized control. Its cost for maintenance and fire fighting varies from $150,000 to $250,000 per year, depending on the severity of the fire season; and through its efforts the fire losses of previous years are in a fair way to be reduced to a reasonable minimum over about one-third of the merchantable forest area of the entire state.

Free Text Books in Great Demand

The number of text books distributed free this year to the school children of the state by the state printing office has already reached the enormous total of 1,139,578 which is two and one half times as many as were sold in the same period last year. The total for August reached 371,238, which exceeded all former records, and the total for the past two months is greater than the entire sales for last year.

"There seems to be no limit to the demand for the free school books," says State Printer Friend W. Richardson. "During July and Angust we shipped out 661,645 which is more books than were sold in twelve months last year. The first eight months of 1912 we sent out 468,446, but this year we have sent out 1,139,578. If Superintendent of Public Instruction Hyatt had not cut down the demands of thes chool superintendents , 2,000,000 books would not have met the demands. At present there are only 106,908 books in the warehouse, but during the present month we will manufacture over 125,000 boks. Last month 140,000 were manout before, and all of the series are are receiving books who went withpopular."

NOW IS THE TIME TO SUBSC

WHY BOYS LEAVE SCHOOL.

The latest contributor to the discussion as to why boys leave school is the American Machinist. The fact that a great proportion of the boys of the country drop their studies and go to work as soon as the law permits them has been used very largely as an argument for industrial education.

It is generally assumed, and no doubt with considerable truth, that economic pressure has much to do with this and that parents and boys feel that the years should be used in more direct preparation for life and in earning money. Yet the earnings of the boys are small and most persons are willing to make almost any sacrifice necessary to keep the children in school.

Here the American Machinist brings up an interesting point.. The most universal idea on the part of the children, it says, is that they hate school and want to work. "What part of school life do they crave?" it asks, and it gives the opinion of a correspondent, said to have had abundant opportunity to investigate these matters, that the largest part of this deflection is a lack of willingness to think and take responsibility.

"That is," comments the Machinist, "it is a form of mental laziness." As he views the situation a boy feels that he can dodge responsibility for correct arithmetic, English and everything else he is taught in school, by entering a shop. There, at his age, he is only allowed to do work, which is almost automatic in its nature, which requires almost no thought and little attention for its successful completion. He is only given work which does require thought and attention as he shows willingness to do it; which means that many never rise at all and the rest comparatively slowly.

Thus a technical publication gives up what might be regarded as a strong argument for cultural education. But there is no difference between cultural and industrial education as many assume to believe. The trouble with the boys who enter the shop too soon has often been pointed out by the advocates of industrial education. He is likely to get into a blind alley that leads nowhere. No real, all-around trade awaits him and there is need for some form of industrial education that will supply this lack.

There has been some objection to industrial education on the ground that it is narrowing and tends to put youth into industry prematurely, but it is the contention of the most earnest advocates of industrial education that its aim is to prevent narrowness and premature entrance upon life work.

ORDER TO SHOW CAUSE

Order to Show Cause why Order of Sale of Real Estate and Personal Property Should Not Be Made.

In the Superior Court of the State of California, in and for the County of Alameda.

No. 17602.

In the Matter of the Estate of Francisco Garcia Duarte, who was also known as Frank Garcia Duarte and also as Francisco Garcia de Duarte, deceased.

Manuel G. Duarte, the administrator of the estate of Francisco Garcia Duarte, who was also known as Frank Garcia Duarte and also as Francisco Garcia de Duarte, deceased, having filed herein his verified petition praying for an order of sale of the real estate and personal property of said estate; that it is necessary to sell the whole or some portion of the real estate and all the personal property belonging to the estate of said deceased to pay the debts outstanding against the said deceased and the debts, expenses and charges of administration, accrued and to accrue,

It is therefore ordered that all persons interested in the estate of said deceased appear before said Superior Court on Tuesday, the 7th day of October, 1913, at 10 o'clock a.m., at the court room of said court, Department No. 4, at the court house in the City of Oakland, County of Alameda, State of California, then and there to show cause why an order should not be granted to the administrator to sell all the personal property and all or so much of said real estate as shall be necessary, and that a copy of this order be published four successive weeks in "The Township Register," a newspaper of general circulation printed and published in the said county of Alameda.

Dated September 2nd, 1913.

F. B. OGDEN,
Judge of said Superior Court.

NOTICE OF HEARING OF PETITION OF ALAMEDA COUNTY WATER DISTRICT

Notice is hereby given that a petition for the incorporation of the Alameda County Water District has been signed by the necessary number of registered voters within said proposed district and that said petition will be presented to the Board of Supervisors of Alameda County, said county being the county in which said proposed water district is located, at the regular meeting of said Board on Monday, the 8th day of September, 1913, at the office of said Board in the County Courthouse in the City of Oakland, said county, at ten o'clock a.m. of said day or as soon thereafter as the matter may be heard, and that at said time and place said petition will be considered and all persons interested therein may then appear and be heard. The number of signers of said petition is 400, and the text of said petition with the names of five of the persons signing the same is as follows:

PETITION
FOR THE INCORPORATION OF ALAMEDA COUNTY WATER DISTRICT

To the Honorable the Board of Supervisors of the County of Alameda, State of California:

The undersigned, all of whom are qualified electors of the County of Alameda, State of California, residing within the boundaries of the proposed county water district hereinafter described, do hereby represent to and petition your Honorable Board as follows, to wit:

That your petitioners desire the incorporation and organization of a county water district to be composed of all that portion of the County of Alameda, State of California, situate, lying and being within the following described boundaries (which are the proposed boundaries of said proposed county water district) to wit:

Commencing at a point where the center line of the County Road leading from Niles to Hayward intersects the northerly line of the right of way of the Central Pacific Railroad at the town of Niles, Alameda County, California; said point of commencement being 275 feet, more or less, in a northwesterly direction from the northwesterly corner of the stone foundation of the Old Vallejo Mill, as it now exists; thence along the center line of the County Road running from Niles to Hayward, in a northerly, westerly and northwesterly direction to the intersection of said center line with the center line of County Road Number 556, if produced (County Road Number 556 being that County Road which commences at the Mountain Road, from Niles to Hayward, and running in a westerly direction at or near the northerly part of the town of Decoto); thence along the center line of said County Road Number 556, if produced, to the southwesterly line of the Mountain Road from Niles to Hayward; thence along the center line of County Road Number 556 in a westerly, southwesterly and northwesterly direction to the intersection with a line described as follows: commencing at the intersection of the center line of County Road Number 314 with the northerly boundary line of Washington Township, thence southeasterly in a direct line to the most western corner of Lot 4, as said lot is delineated and so designated upon that certain map entitled "Map of the Baker Tract, near Alvarado, Alameda Co., California," and filed in the office of the Recorder of Alameda County, California, May 4, 1895, in Map Book No. 17, at page 66; thence, from the point of intersection of the center line of County Road Number 556 with the line above described, along the latter line to the most western corner of Lot 4 in the Baker Tract, also as above described; thence along a line running due west to the western boundary line of Alameda County; thence in a general southeasterly and easterly direction along said boundary line of Alameda County to a sandstone monument near the channel of Coyote Creek, said monument being distant ⅜ of one mile, more or less, from the point of intersection of the westerly line of Rancho del Agua Caliente with the southerly boundary line of Alameda County; thence in a northeasterly direction along the boundary line of Alameda County to its intersection with the westerly line of Rancho del Agua Caliente; thence in a northwesterly, northerly and easterly direction along said boundary line of said Rancho, to the intersection of said boundary line with the easterly boundary line of the right of way of the Central Pacific Railroad; thence in a northeasterly direction in a straight line, to a point in the center of County Road Number 2548, said point being at an angle in the road, and distant 1 1-3 miles, more or less, measured along the road, in a westerly direction, from the road running from Mission San Jose to Warm Springs, and 1½ miles, more or less, in a southeasterly direction, from the County Road Number 398, at the town of Irvington; thence from said point at angle in County Road Number 2548, along center line of said County Road in a northwesterly direction to the intersection with the southerly line of County Road Number 398 (the latter being the road running from Irvington to Mission San Jose); thence diagonally across County Road Number 398, in a westerly direction to the intersection of the northerly line of County Road Number 398 with the center line of County Road Number 1008; thence in a northerly and northeasterly direction along the center line of County Road Number 1008 to the southwesterly line of the County Road running from Niles to Mission San Jose; thence continuing along the center line of County Road Number 1008, if produced, to the center line of the above mentioned County Road running from Niles to Mission San Jose; thence in a northwesterly direction to a point which is distant, along a line bearing south 45 degrees west, 3,500 feet from the intersection of the westerly line of the County Road running from Niles to Mission San Jose with the center line of the road running from the above mentioned road in a southwesterly direction to Centerville; thence in a northwesterly direction in a straight line, to a point on the County Road Bridge, known as "the Clark Bridge", on County Road Number 247 or the Niles Canyon Road, said point being located on the center line of County Road Number 247 and half way between the easterly and westerly concrete piers of the above mentioned bridge; thence in a southwesterly direction along the center line of the County Road Number 247 to the intersection of said center line with the center line of the County Road known as "Vallejo Street", near Niles; thence in a northwesterly direction along the center line of Vallejo Street, and across the right of way of the Central Pacific Railroad to the point of commencement.

That all of the undersigned subscribers to this petition are qualified electors of the County of Alameda, State of California, within the boundaries hereinbefore set forth.

Wherefore, your petitioners pray that said proposed county water district, with the above described boundaries, be incorporated under the provisions of and in conformity with that certain act of the Legislature of the State of California, entitled, "An act to provide for the incorporation and organization and management of county water districts, and to provide for the acquisition of water rights or construction thereby of waterworks and for the acquisition of all property necessary therefor, and also to provide for the distribution and sale of water by said districts," approved June 10, 1913, and designated as Chapter 592 of the Chaptered Laws of 1913.

Your petitioners further pray that said proposed county water district be named "Alameda County Water District"; and that your Honorable Board, upon the filing of this petition, order your Clerk to cause the text thereof to be published as required by said act and that a day certain be fixed when such petition will be heard and considered by your Honorable Board and that notice thereof be published and all things done in all respects as required by said act.

A LONESOME DOUGHNUT

NILES, Sept. 5.—There has been in the window of Darrow's confectionery for the past few days a doughnut—you understand, a daughnut.

At least it has all the appearance of onet of those mystifying productions that prove the ability of the culinary art.

This doughnut occupies one window of the Darrow establishment all alone.

Why?

That is the question.

It rests in all serenity on a snow-white Japanese napkin, and has contributed to the appearance of said napkin the beautiful complexion that one sometimes sees when grease paints are used to impart a yuothful aspect to an ancient physiognomy.

But why is that doughnut lying in state in Darrow's window?

The denizens of Niles have wondered, and wondered—and wondered.

Mr. Darrow, the civilized community of Niles wish an explanation.

From Washington the San Francisco office of the United States Forest service has received a summary statement ot receipts from all National Forests for the fiscal year 1913, (July 1, 1912, to June 30, 1913, inclusive) showing the amounts received from each state and territory in which National forests are located.

The net receipts total $2, 391, 920.85. Of this amount $45, 534.04 is returnable to Arizona and New Mexico for school funds, leaving a balance of $2,346,386.81 on which is calculated the 25 per cent payable to the states and the 10 per cent to be transferred by the Treasury to the appropriation for raods and trails; this apportionment giving $586,596.70 to the states, and $234,638.68 to the roads and trails appropriation. The sale of timber is shown to be the greatest source of revenue for the year with an aggregate total of $1,221,187.65; grazing fees being next with a total of $999,-369.16.

California comes well up in the list, with net receipts of $298,166.21 for the year—of which $104,357.17 reverts to the state. Timber receipts for California were $15,408.64, and grazing $96,808.30.

MOTORCYCLIST KILLED

While returning to Livermore at about half past one this morning, Frank Kelley, a lineman employed by the Pacific Gas and Electric Company and who was working Livermore, met death in a horrible manner.

Hhe was riding a motorcycle and had passed through Pleasanton only a few moments before the accident occurred. At the bride just this side of Livermore a wagon load of railroad ties was being hauled by a man when the wagon broke down and the ties were spilled pretty much all over the road. The man saw the motorcycle approaching, waved a lantern to warn him of danger. It is not known what Kelley thought, but it is presumed that he took the waving of the lantern to be by some one who wanted him to stop in order to hold him up and instead of stopping he put on all the gasoline and spark the machine he was riding would stand and struck the pile of ties with terrible force. The result was that he was killed instantly, the whole top of his head being taken off. His home was in Redwood City and a brother of his was working with him on some new work being done by the P. G. & E. near Livermore.

MISSION SAN JOSE

The new school at Mission San Jose is about completed, and makes a handsome addition to the town.

Frederick Whitton, president of the Tourist Association of the San Francisco Bay and River Counties, was a guest of Mr. Lachman Wednesday and Thursday.

Work preparatory to counting $61,-400,000 in silver dollars was commenced last week at the United States mint at San Francisco. Since August 11 the silver coin has been removed from an old vault to a more convenient place for counting.

There are forty men engaged in making the count and it probably will take three weeks. Tho count was incident to the change in administration when State Senator T. W. H. Shanahan succeeded Frank Leach as superintendent of the mint.

Fred W. Petersen was appointed assistant to the county expert. His salary will be $125 per month Petersen is a brother of the Oakland chief of police.

Viewers' reports on the proposed closing of Grand Avenue, San Leandro were filed. The matter will be heard next week. The road is declared useless, as no traffic goes over it.

Erroneous assessment on property of the West Berkeley Episcopal church was ordered corrected by resolution, on recommendation of the county recorder.

An automobile was ordered for the use of the district attorney's office, an old auto of the sheriff's office being traded in as a part payment.

The Board decided that so long as the County Supervisors are compelled to fix city school taxes they are going to keep a close watch on the expenditures and check every cent paid out by Oakland, Berkeley and Alameda school departments. This was decided when they instructed the Berkeley and Alameda departments to keep a strict book account of all expenses, charging them to the proper funds allowed in this year's estimate. The account, according to the resolution passed, will be used to fit next year's funds for the cities. The instructions, if carried out, will afford the board a check on all city expenditures of funds furnished by the county, and marks the board's intention to keep an eagle eye on expenses. It will also, say the supervisors, prevent irregular disbursements and thus protect the county treasury. The resolution is the result of a dispute between the school authorities and the supervisors over the cutting of this year's budgets.

"It will give us a chance to check up and an account of the money we furnish and should be responsible for," said Chairman Mullins.

The supervisors were forced by court decision to fix city school taxes as a county levy. The city councils had refused to make the levy. The board cut down the estimate and a protest resulted. The bookkeeping plan was then suggested as a check and a guide for future levies.

The children of the county will, after November 1, be enabled to take advantage of a county free dental clinic. This was unanimously decided.

Mrs. R. C. Young appeared before the board and asked that the clinic be established by the county for all poor citizens. Dr. Minora Kibbe and Miss Bessie Wood also spoke.

the license issued in 1910."

"It is probable that the Secretary of War will approve the 15-hour plan for Park street and the 8-hour plan for Fruitvale, and will require that some arrangement be made to open the High street bridge when necessary.

"In regard to the proposed closing of the Webster street bridge, I could not say whether this could be allowed. The United States has spent a great deal of money making an inner harbor and if this is to be bottled up for a part of each day, much of its value will be lost You should make formal application to the secretary.

County Surveyor Haviland was instructed this morning to prepare plans and estimates for repairing the Webster street bridge.

"This work is urgent," said Supervisor Bridge. "Let's rush it." The work will be done at once. New flooring at the Alameda end, and resurfacing will be included in the work.

COSMOPOLITAN SOCIAL.

The Ladies' Guild are planning and have the tickets out for a Cosmopolitan Social to be given in the parlors of the Niles Congregational church, the evening of October 16 at 8:30 The admission, including supper will be 35 cents. Much time and thought has been given to the planning of this entertainment and it bids fair to outrival the railroad Social given last March by the Ladies' Guild. On this evening nations from all over the world will be represented in their native dress, as well as the different periods, beginning with 1776, until we reach 1913, when a perfectly up to date costume worn by a lady and gentleman representing the up to date dress for 1913. There will be German and English people, witty Irish, French, Chinese, Hawaiians, Egyptians, Spanish, Turks, Mexicans, Indians, Squaws, Italians, Scotch, Puritans—together with George and Martha Washington—with Uncle Tom and Aunt Chloe, with their little piccaninnies.

President Wilson will also be portrayed, and he will be happy, the patronesses feel sure, to meet the first president of the United States.

There will be ladies dressed in costumes worn in 1867, 1870, 1883, 1893, and so on, down to 1913.

The supper will be served by German, Italian and Irish peasants.

There will be entertainment throughout the evening. The admission will be 35 cents; children under 12 years of age, 15 cents (this was omitted on the tickets already printed.)

were fascinating converse[rs] when not educated. Their n[ote]worthy men such as Alva[rado] and Vallejo and others were often[times] of very marked intelligence [and] of considerable reading. On the othe[r] hand, their houses were dirty and [be]ldom the least attractive and the fle[as], well the fleas are still with us, bu[t] they have grown discriminating, pre[fer]ing the tender eastern tourist to the hardy Californian.

On the shore of San Francisco bay at a considerable distance from the old Mission Delores in one direction, there was growing up the beginnings of a modern city, the village of Yerba Buena, named from the cove in front of it. A trading place whose dwellers were mostly Americans, Englishmen and other foreigners. Material prosperity slowly but surely grew in the active community and early in 1847 by the consent of all concerned, the name that was its proper due, the name of San Francisco, was given it. By the census of August, 1847, there were 459 persons in the village which still excluded the mission settlement. Of these 51 were under 5 years, 32 between 5 and 10. Of the whole number 138 were girls or women. The little cluster of houses stood for most part a short distance back from the low curving beach of Yerba Buena Cove, a cove very early filled up by the busiest portions of the city of the gold period. Telegraph Hill loomed up close above the village on the north side. Southward the distance was greater across the lowlands to Rincon Hill and to the point in that direction bounded by the cove. Going westward from the beach one almost immediately began to ascend those steep hills on which today the electric fer to the anti-alien land law.

This was Webster's speech in senate, March 22, 1848:

"We propose to take California. I am against all accessions of territory to form new states. If I were asked today whether for the sake of peace, I will take a treaty for adding two new states to our Union, I say no—distinctly no.

"We propose to take California. A[s]

a disposition to impose on his common sense, and of this class topics or pretenses, I have never heard of anything and I cannot conceive of anything more rediculous in itself more absurd and more affrontive to all sober judgment than the cry that we are getting indemnity by the acquisition of New Mexico and California and I hold they are not worth a dollar and we pay for them vast cars of San Francisco carry numberless passengers toward the now fine dwelling house region of the western addition beyond the hills. Those steep sandy hills, then covered with the low shrubbery of the peninsular are now crowned with the palatial homes of San Francisco millionaires.

At this time United States were at war and this disturbance was more or less felt in California. In June, 1846 some 300 American settlers fearing they would be attacked, revolted and adopted a flag on which was a grizzly bear and declared California an independent republic. Fremont came to their aid July 5 and two days later Sloat with a naval force entered Monterey and raised the U. S. flag. There were a couple of somewhat bloodless battles fought with the Mexicans of California but the Americans held the country and the republic of Mexico was a conquered nation and California was added to the domain of the United States. Time passed and congress of the United States had provided no government and scarcely any could be said to exist. The people held a convention, made a free state constitution and applied for admission into the union as a state.. This was unheard procedure. No other state had ever dared so audacious a move. But the convention was held September 3, '49. Senators and representatives to congress were named. In November the election was held.

Peter H. Burnett was elected first governor of the State of California. William M. Gwin and John C. Fremont were shortly afterward elected United States senators, notwithstanding the fact that the state had not yet been admitted to the Union.

The senators and congressmen started for Washington to help get the state admitted.

California broke all precedents by declaring itself a state, and a free state at that. And California sent its representatives to Washington to hurry up the passage of the bill that should admit it to the Union.

The brilliant audacity of California's method stands without parallel [in] the history of the nation. Outside

The inner court is being improved with gravel walks and a lawn will be put in.

Miss E. Selby and Coleman Elam journeyed to Tobin, on the Ocean Shore railway on Sunday. Mr. Elam went there on a business trip to reconstruct some plumbing plans.

The row of new cottages being built by the Essanay Company back of the studio is nearing completion.

Mr. Anderson is still in Chicago.

Fodder Dolan is on the sick list, but is improving.

Mrs. Morgan is back from the hospital.

of the original thirteen colonies, she was the only state carved out of the national domain without previous enabling act or territorial apprenticeship. With full right did she avowedly place upon her great seal Minerva, "robed Goddess-in-arms," not as the goddess of wisdom not as the goddess of war, but to signify that, as Minerva was not born, but sprang full-armed from the brain of Jupiter, so California, sprang full grown into the sisterhood of states.

California, it seems has not lost any of her audacity. Not many months ago she told the entire Union who should and who should not own land within the confines of the state. I resums of money."

And then two years later came the great news. How Sutter's Mill was just being prepared in the wilderness for the work of sawing the wood to be brought from the forests nearby; how in January, 1848 Marshall superintendent of the work tried to enlarge his tail race by little successive artificial freshets of water sent down through the race.

How the water washed out into sight a few gold particles along the banks of the race.

How Marshall found them and tested them and Marshall took the news to the incredulous Sutter and forced him to believe that it was gold.

September 9, 1850, California was admitted into the Union.

And now California of 1912-13, a state with 8,000 miles of railroad, 3,000 miles of electric road, imports fifty million a year, exports thirty million a year.

COLUMBUS DAY PLANS PROGRESS

Oakland, Sept. 26.—A general invitation has been extended to all societies in the bay cities to take part in the big Columbus Day celebration which will be held on Lake Merritt and at Lakeside park Sunday afternoon and evening, October 12. A number of civic organizations, among them the Chamber of Commerce, the Merchants' Exchange, the Progress and Prosperity Committee and the Downtown Improvement Club, have already shown their interest and have remarked on the publicity to be gained by Oakland and the other eastbay cities from the celebration.

A woman's auxiliary comittee, composed of many of the most prominent women on the east side, will be chosen to assist in the details of the festival. A plan is under way to co-operate with Boston and other large eastern cities to make Columbus Day a Pan-American holiday. The anniversary of the discovery of America is now observed in a number of the Latin - American countries as Discoverer's day, and it is intended to join the two holidays. It is probable that prominent speakers will advocate this big project at the coming celebration. Oakland has an ideal setting for the spectacle in Lake Merritt and would take the lead in the celebration.

Herbert Hauser, secretary of the Pacific Coast Union of the Amateur Athletic Association, has agreed to help in the success of the water carnival which will be a feature of the afternoon program and will follow the pageant of Columbus and his men making their memorable voyage of discovery, and the literary and musical exercises. Invitations have been extended to the rowing clubs of the coast cities to enter crews and there will be swimming and diving events and a water soccer contest.

...ut of the circumstances; but Lady Belletowers had but little patience with what she considered mere girlish whims. Nora had a sweet, fresh, though uncultivated voice. However, it would have pleased her listeners, who were not hypercritical, if she could only have succeeded in getting to the end of her song; but something in the words—of course it was a love ditty—reminded her of what she was pleased to magnify into Babley's cool desertion of her; a great gulp came in her throat; instead of a note a sob was heard, and to Lady Belletower's horror, for she hated a scene, this was followed by an hysterical outburst, and Nora was sent off to bed in a sort of silent disgrace.

"She shall go back to her family, tomorrow," said Lady Belletowers, as the door closed on her; "this is too absurd."

But Sir Paul pleaded: "A week, just one week. If at the end of a week she still says nay, then, Lady Belletowers, I will interfere no more."

Lady Belletowers consented somewhat unwillingly, feeling rather provoked with a man who could care to marry a girl showing so little regard for him and so little spirit as Nora did.

She failed entirely to see that it was the very ingenuousness and utter want of worldly knowledge about Nora that in Sir Paul's eyes, constituted her charm.

For two days nothing of seeming importance occurred, but Nora was anything but happy. Lady Belletowers took every possible opportunity of letting her see she was angry with her, even to looking upon

And when they returned to the house, after wandering together for a while, Lord and Lady Belletowers kissed Nora, and called her a dear little girl.

In fact, every one seemed so pleased that Nora began to think she was pleased herself. At all events, she was grateful that she should not have to go back to her miserable home and play Cinderalla after all.

Any time any whiskey tastes so rough and strong it makes you shake your head and say "bur-r"---let it alone.

Never put anything into your stomach your palate rejects.

That's why nature gave you a palate.

Pacific Coast's Greatest Newspapers

SAN FRANCISCO CHRONICLE

The Weekly Chronicle

The very best weekly newspaper published in the entire West.

Issued every Wednesday, containing the news of the week previous,

$1.50 a Year

including postage to any part of the United States or Mexico. (Send for sample copy.)

It is best because, besides printing all the news of the world each week in an interesting way and fully illustrating many articles, it has special departments devoted to—

AGRICULTURE, HORTICULTURE, POULTRY, LIVE STOCK, ARMY AND NAVY, MINING, LITERATURE, FASHIONS and SPORTS

These are presided over by editors having a thorough knowledge of their specialties. The pages devoted to Agriculture, Horticulture, Poultry and Live Stock are well illustrated and filled with matter of the greatest interest to all engaged in these industries, every line being written by those who are in close touch with conditions prevailing on this Coast.

The Daily and Sunday Chronicle

Published every day in the year. Mailed to any address in the United States or Mexico.
